Dear Parents

Our theme "How sweet to eat"

Give attention to the following basic concepts. Days of the week. Time -morning, afternoon, evening. Days of week and weekend, months of year, seasons.

Spatial concepts: front, back, under, on, on top of, next to, in, out, front and back, in the middle and inside outside, before, after, low /high, through/over, go away/come back, far/near.

Colours: Yellow, red, blue, green, black, pink, brown and orange, purple and white

Shapes: Circle, square, triangle, rectangle, oval and egg shape. Diamond

Informal letter recognition: letter-w,t,m,b,j,s,p,o a. and write letters

Movement: Let your child play outside. Walk, crawl, swing, dominance, development of laterality, hop, arm and leg swings, midline crossing and development of eye-hand muscle skills. One- leg activities.

Eye- hand co-ordination: Eye movement - up / down. Left to right. Give extra attention to starting of numbers and letters. Pencilgrip and the handling of scissors is very important. Let your child cut out pictures in magazines. , scribble over the middle of the paper

Mathematical vocabulary: measurements- teaspoon, cup, litre, pinch.

Counting: Cardinal to 6. Ordinal- first, second third, number sequence 0-6 and number line to 6 and count in additional language.

Symbol recognition: numbers 1, 2, 3, 4, 5 and 6 and writing of symbols 1,2,3,4,5,6

Informal number manipulation: everything, everything together, altogether, add together, take away, how many are left, groups of 2 and 3. Fractions- halves, one half, in half.

IMPORTANT: Your child must know the name and surname of mommy and daddy.

Regards
